Sahara Tijol

Software Engineer

Austin, Texas | LinkedIn | (210) 508-7155 | sahara.tijol@gmail.com

Eager and dedicated Software Engineer with 2 years of experience in backend development. Excited to take on challenges, learn continuously, and solve complex problems while building robust infrastructure and delivering a seamless customer experience. With a veteran's discipline and adaptability, I am ready to make a significant impact and drive innovation in the field of application development.

WORK EXPERIENCE

Accenture   **Austin, TX**
Application Developer   *Apr 2021 - Nov 2022*
- Developed and implemented enterprise-level applications for the Health and Public Service sector.
- Collaborated with cross-functional teams in an Agile environment to analyze requirements and plan development activities.
- Enhanced UI/UX through jQuery and Bootstrap, improving user satisfaction scores during post-production reviews.
- Employed meticulous testing, debugging, and optimization to enhance the performance of a legacy codebase.
- Designed and managed database entities using Oracle SQL.

MILITARY EXPERIENCE

United States Navy   **Lemoore, CA**
Aircrew Survival Equipmentman   *May 2012 - Jun 2016*
- Commended by the supervisor for the ability to resolve problems when first reported, avoiding escalation or life-threatening mishaps.
- Chosen to mentor and train newly recruited sailors to enhance work center productivity and mission readiness.

PROJECT

Chownow (2021) (Github)

- Led the creation of a dynamic full-stack Java application powered by the Spring Boot framework.
- Chosen to mentor and train newly recruited sailors to enhance work center productivity and mission readiness.
- Integrated third-party API for creating a community of users to share and save recipes based on virtual pantries.
- Utilized Java, Spring, Javascript, and MySQL.

SKILLS

Back end: Java, SQL, Spring Framework, Spring MVC, JPA, JDBC

Databases: MySQL, Oracle SQL

Front end: HTML, CSS, Javascript, jQuery, Bootstrap

Other: Object-Oriented Programming (OOP), Agile, JSPs, RESTful APIs, Maven, JUnit, Mockito

EDUCATION

Codeup   **San Antonio, TX**
Technical Certificate   *Jan 2021*
- A fully-immersive, project-based, and intensive 22-week full-stack Java career accelerator that provides students with 670+ hours of expert instruction in software development.
